

ENABLING EVERY CHILD TO TRANSFORM A PASSION FOR LEARNING INTO A CAREER PATH

For more than 50 years, Pitsco Education has aimed to provide hands-on learning opportunities for children and support for educators in their endeavors to create next generation problem solvers, offer career exploration opportunities, and create a foundation for future success. While most career and technical education programs focus on high school students, our programs can help build a STEM pipeline. By beginning with the littlest of learners, we can jump-start their development of 21st-century skills and establish a solid foundation for future career exploration.

PITSCO EDUCATION IS A PROUD VENDOR AND SERVICE PROVIDER FOR AEPA.

Simply reference code **AEPACTE** on all orders to receive a 2% discount.
